PHOTOCAPTURE
CENTRE™

Combining colour printing, copying and scanning, with direct photo printing in one compact machine.

This stylish multifunction printer offers great performance for all the family. Ever wished you could afford, or find room for a colour printer, scanner and photocopier at home? Now you can. The DCP-150C combines all these functions in one compact machine.

It also offers a PhotoCapture Centre™ so you can print borderless photos straight from your camera, memory card or USB stick – you don't even need a PC! You'll be amazed at the quality of your photographs and with Brother's four ink technology you can afford to print off copies for everyone. Photo printing with Brother is easy – get creative – scan your children's drawings and print them off in a unique photo display.

Have even more fun with the FaceFilter software supplied FREE with your DCP-150C – and put an end to red eye on all your photos. You can even give yourself a face lift with FaceFilter.

We think you'll agree the DCP-150C is fantastic value. And with its

separate ink cartridges you only have to replace the colour that runs out, so it will keep on giving you great value.

To achieve high quality printing we recommend using Brother's Innobella™ ink and paper technology.
