

EPSON ACULASER M2300D SERIES

Get fast A4 mono business prints with the Epson AcuLaser M2300D series. Designed for desktop users, it combines high-speed performance with reliability for day-to-day printing you can depend on.

High performance mono printing

The M2300D Series printers combines very fast printing speeds of 30ppm with a first page out time of just 6 seconds. This ensures fast output of large documents (single or double-sided) and minimal waiting time for occasional prints.

Worry free printing

There is no need to worry whether the Epson AcuLaser M2300D Series will cope with the demands of a busy office. A monthly duty cycle of 20,000 pages, a low cost per page, the ability to share on a network and an integrated duplex unit delivers a very affordable, reliable, business printing solution.

Optimised quality

There is no need to compromise on quality – the Epson AcuLaser M2300D offers 1200 x 1200 dpi resolution for delivering professional quality mono documents. With the ability to print on a wide range of paper sizes down to A6 and up to 220g/m² card, these printers are ideal for a wide range of printing applications

No compromise between cost and ecology

This ENERGY STAR qualified printer uses low power in standby mode and when printing, helping to keep energy impact low. Epson's Return Cartridge programme ensures environmental costs are kept low along with the running costs.

POSITIONING

A4 mono laser printer for desktop users and small workgroups.

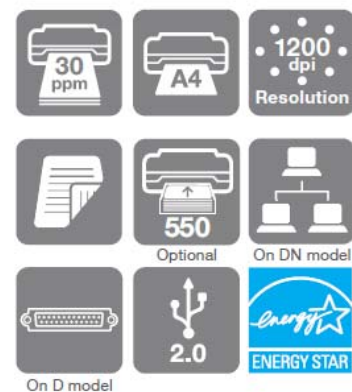

TARGET MARKETS

Desktop users (D version) and small workgroups (DN versions) requiring an A4 mono laser printer.

Small and medium businesses.

KEY FACTS

- Compact, high-speed monochrome laser printer
- Fast print speed of 30ppm (A4)
- Fast first-page-out time of just 6 seconds
- Superior output quality with 1200 x 1200 dpi support
- Double-sided printing as standard
- Versatile paper handling from 300 sheets to 550 sheets
- Network standard (DN version)
- PCL6, PCL5e emulations
- 1 year return-to-base warranty

Access to the toner and paper is from the front of the printer – allowing it to be positioned neatly under a shelf

Clean, simple operation – just 3 buttons control the printer

Flexible printing with automatic duplex as standard

The compact footprint (378 x 390 mm) enables the printer to be placed on a desktop or in a small office space

2 paper sources as standard - the bottom tray holds 250 sheets, the front multi purpose tray folds down and holds 50 sheets and is easy to adapt to different paper sizes. It feeds paper weights up to 220g/m² and down to a width of 70mm

The optional 250-sheet paper tray (shown) increases the paper capacity to 550 sheets and provides a 3rd paper source. It is easy to install – the printer is simply placed directly on to tray – no connection is required

The N variant has USB and parallel connectivity

The DN variants have USB and Network connectivity

The 3000 page replacement toner cartridge keeps printing costs low. It is easy to insert into the front of the printer.

Unlike other printers the drum does not require replacement every 25,000 pages

The same toner can be used in the Epson AcuLaser M2400D and MX20DN Series.
