# The new Samsung SF-340/341P/345TP multi-purpose inkjet fax machines are packed with enhanced user-friendly digital features.

## Outstanding Performance

All 3 models use inkjet technology to ensure your faxes are clean and clearly printed. Samsung's inkjet fax machines look great on the outside and perform flawlessly on the inside:

- **Inkjet quality faxes** : Up to 200 x 400 dpi ensures your incoming faxes will be easier to read.
- **Fast transmission speed** : Spend less time waiting for your faxes to be sent. It only takes approximately 6 seconds per page.
- **Exceptional paper handling** : Standard 50-sheet input & output tray plus skew-free 10-sheet ADF (Auto Document Feeder). Up to 100 pages of memory diminishes concerns about out-of-paper document loss. (40 pages for SF-340/341P.)
- **Crisp inkjet printouts** : Up to 600 x 300 dpi effective output resolution will meet your needs for quality printouts. (SF-341P/345TP only.)
- **Zoom & multi-copy** : 50~150% zoom capability, and up to 99 pages of multi-copy help you create documents at ease.

Skew Free

## Advanced Communications

Create intelligent communications with breakthrough special features you've never had in a fax machine before.

- **My Favorites** : Up to 10 pages of documents in frequent use can be stored by the unique memory function named, **My Favorites**. Save your documents and send them repeatedly whenever you want with just simple clicks of the one-touch button.
- **Short Message Reception\*** : With the breakthrough **Short Message Reception** function in SF-340/341P/345TP, you can now get short-message faxes sent from a cell phone or a PC.

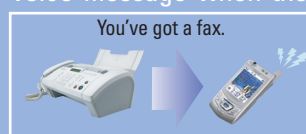

My Favorites

Short Message Reception

- **Auto Notice** : Now your fax machine is intelligent enough to send a recorded voice message when the new fax comes in. Get **Auto Notice** for urgent faxes, rather than tying yourself to the fax machine. (SF-345TP only.)

Auto Notice

- **Junk Fax Barrier\* & Image TCR** : You can now block off faxes you don't want, and get printed confirmation report that shows the fax image with transmission data.

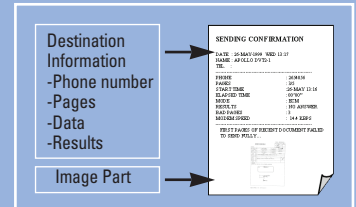

Image TCR

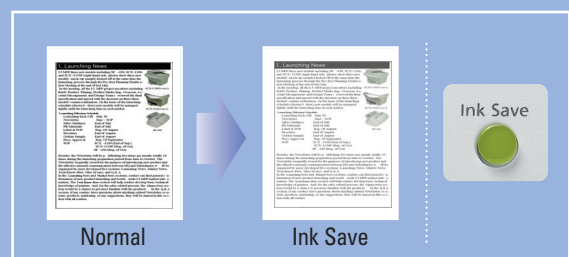

## Enhanced Phone Capabilities

- **Enhanced Speakerphone** : The new Hands free speakerphone and special Loud speakerphone on SF-345TP allow you to move about during a phone conversation.
- **Silent Ringing** : With an office in your home, there are times you don't want to be disturbed. Set your machine not to ring, and still receive your faxes when you need them.
- **Answer Phone** : SF-345TP also includes a built-in answering machine with call-forwarding capability.
- **Caller ID\*** : The LCD screen display allows you to see the number of the person who's faxing or calling before you pick up the phone.

## Economic Features

SF-340/341P/345TP are competitively priced to save you money up front, but also have built-in features to help you save more over time.

- **Toll Save** : Programme your machine to send your outgoing faxes when the fees are lower, such as in the evenings.
- **Ink Save** : Replace your ink cartridges only when you need to. The ink-save feature allows you to use up to 25% less ink while printing your faxes, making frequent replacements unnecessary.
