Multifunction System

Xerox® WorkCentre™ 7220/7225 Multifunction System

Meet today's tasks, build
tomorrow's opportunities.

Growing your business means being smart about the way you work. It involves acquiring technology that can boost productivity, simplify tasks and keep costs in check.

It requires finding new efficiencies, safeguarding critical information and providing creative and timely solutions for your customers.

To achieve this, you need a true partner on your side that can deliver complete solutions for today's most critical business problems – and keeping you one step ahead of future needs.

Growing your business starts right here, right now, with the solutions powered by our Xerox® WorkCentre™ 7220/7225 and ConnectKey® technology.

Discover real cost savings.

Your business depends on keeping costs in check. With Xerox, you can gain an important competitive advantage with innovative tools that help you save time, control costs, simplify the way you manage printing in your office, and get a significant return on your investment.

Affordable colour that makes an impact.

With the Xerox® WorkCentre™ 7220/7225, you'll impress your customers – with colour that's as bold as it is affordable.

- **Customise your print driver settings for economy and efficiency.** For example, choose N-up for printing multiple pages on a single sheet as your default. Adjust settings for specific applications, such as always printing emails in black and white.
- **Print responsibly.** By default, our print driver is set to two-sided printing, and the Earth Smart feature allows you to select other default settings that encourage responsible usage, such as no printing banner pages.

- **Easy, accurate billing.** WorkCentre 7220/7225 devices connect to the network to automatically submit meters reads and automate supplies replenishment.
- **Manage and track device usage.** Xerox® Standard Accounting provides reports for greater cost control of all device functions. Advanced solutions from Xerox® Alliance Partners deliver even more helpful tools for larger office environments.

Keep your costs under control.

User Permissions allow the ability to restrict access to print features by user, group, time of day or by application. For example, all Microsoft® Outlook® emails can be set to output automatically in black and white; and all PowerPoint® presentations print in colour.

Helping you find new ways to be productive.

Opportunities arise. Be ready to react with tools and technologies that can automate workflows, simplify routine tasks and take your productivity to a higher level.

Remote monitoring and management.

The Remote Control Panel feature lets you operate the WorkCentre 7220/7225 user interface from any office workstation as though you were standing at the device. Remotely train users and configure device settings with the peace of mind that integrated security allows only a single authorised operation at a time to prevent multiple remote procedures.

The perfect touch for optimising your workflow.

The colour touch screen provides easy access to a wealth of workflow-optimising capabilities. A simple touch is all it takes to scan files to your USB or mobile devices, to your email account or across your network. You can even create searchable and secure PDFs, quickly and easily. The WorkCentre™ 7220/7225 lets you do all this and more – without time-consuming and costly software and middleware add-ons.

• Enhanced address book with favourites.

Xerox® ConnectKey® technology enables features like the enhanced address book with favourites, which lets you seamlessly import your existing contacts and roll them out to multiple ConnectKey devices.

- **Xerox® Online Support.** Stay up and running with instant access to searchable online help right at the device's front panel.
- **Helpful walk-up features.** Embedded help videos provide quick troubleshooting assistance right on the front panel.
- **Customise your solutions.** Serverless Extensible Interface Platform® (EIP) applications allow building of secure applications to run on ConnectKey multifunction systems, without the need for complex IT setup. This allows you to simplify the usability of your device with a range of capabilities from support to scanning.

Comprehensive security for complete protection.

For the success of your business, it's critical that sensitive information stays protected. That's why we deploy the most complete set of features, technologies, and solutions from security-industry leaders that minimise risk by protecting vulnerable access points and critical business information.

- **Protect your confidential information.** Safeguard all sensitive data with encrypted PDF files for scanning; complete hard drive encryption, compliant with the 256-bit AES FIPS 140-2 standard; and Image Overwrite with a 3-pass scrub process to ensure total deletion of all data fragments.
- **Prevent unauthorised Access.** Permit only authorised users to access the device with Xerox® user permissions, network authentication, IP filtering, and smart card, role-based and function-level login.
- **Proactive threat management.** Monitors security clearing houses for new vulnerabilities and provides patches when necessary, ensuring your equipment stays current and your data is kept safe. Plus, you can receive up-to-the-minute updates via RSS feeds and stay informed via www.xerox.com/security.

- **Stay compliant with regulations.** WorkCentre™ 7220/7225 series devices comply with the latest security standards across industries, including government, finance and healthcare. These include Common Criteria, HIPAA, Data Protection Act, COBIT and more. These devices can conform to any standard, with controls available to match your needs.
- **Gain complete visibility.** Prevent IP theft and ensure non-repudiation by having total visibility into the device and network. With security policy management and tracking of all activity on the device with Audit Log, you know who accessed what and when.

Powerful Partnerships

The Xerox® ConnectKey® Controller includes McAfee® technology integration, resulting in the industry's first line up of multifunction systems that protect themselves from potential outside threats. McAfee's whitelisting technology ensures only safe, pre-approved files run on your devices, minimising the need to manually update software levels against new security threats. Also, seamless integration with the Xerox® Managed Print Services toolset and McAfee ePolicy (ePO) allows for easy tracking and monitoring.

Plus, automatic Cisco® TrustSec Identity Services Engine (ISE) integration provides comprehensive visibility of all ConnectKey multifunction systems' endpoints to enforce IT-centric security policies and compliance.

Convenience wherever your work takes you.

Work isn't always confined to the office – and neither are you. Xerox® ConnectKey® gives you the freedom and convenience to work when you want, where you want by keeping you seamlessly connected to the productivity tools that drive your business forward.

Stay connected and productive – anytime, anywhere.

Powered by ConnectKey®, the WorkCentre™ 7220/7225 offers mobile printing and scanning solutions that integrate fully with cloud-based technologies and mobile devices. You'll benefit from enhanced convenience, increased productivity and more flexibility, regardless of location.

- **Connect wirelessly.** Optional Wi-Fi connectivity lets administrators connect WorkCentre 7220/7225 devices anywhere, without the need for network cabling.
- **Apple® AirPrint™.** Print email, photos and important office documents directly from your Apple iPhone® or iPad® with no drivers to install and no cables to connect. With AirPrint, your iPhone or iPad automatically locates and connects to the AirPrint-enabled WorkCentre 7200 series device over your office Wi-Fi network.

- **Xerox® Mobile Print and more.** Xerox has all the options to enable secure, accurate printing from most mobile devices, to any printer or multifunction system, regardless of brand. Plus, Xerox offers IT-friendly optional capabilities such as PIN code access, multiple mobile operating systems. For more information, visit www.xerox.com/mobile.
- **Convert paper documents.** Scan documents to create text-searchable PDFs, single and multipage PDFs, and ISO standard PDF-A documents for easy archiving, organising and searching.
- **Single Touch Scanning.** Use the Single Touch Scan feature to create a dedicated, easy-to-locate scan button directly on the colour touch screen interface. Assign the Single Touch Scan button its own scanning workflow for fast document distribution and archiving.

Extend Your Possibilities

Transform the way your business gets vital work done with the power of Xerox® Workflow Solutions, built on the Xerox® Extensible Interface Platform® (EIP), choose the right solution that fits your business whether it's hosted within the cloud or locally on your server.

- **Xerox® ConnectKey® for SharePoint.** Scan files directly into Microsoft® SharePoint® and other Windows® folders. Plus, you can go beyond basic file storage and PDF creation by automatically converting documents to intelligent, structured data with easy file naming and routing tools.
- **Xerox® ConnectKey Share to Cloud.** Provides easy, secure, scalable and scanning to popular cloud-based repositories such as Google Docs™, Salesforce.com, Office 365 and Dropbox™, using custom-designed workflows that leverage our Xerox® EIP technology.

Solutions

1

With a compact footprint, the WorkCentre 7220/7225 delivers more functionality while taking up less space. Add basic finishing capabilities with the Integrated Office Finisher without increasing the footprint.

2

The Duplex Automatic Document Feeder holds 110 sheets of paper.

3

50-sheet bypass tray for specialty media and sizes.

4

Choose the configuration that meets your needs: a two-520-sheet tray with stand configuration holding up to 1,040 sheets of A3 paper, or a four-tray configuration holding up to 2,080 sheets.

5

Office Finisher LX (with Booklet Maker option) provides advanced finishing functions at a value price.

Environmental Features

The WorkCentre 7220/7225 series delivers cutting-edge features to help reduce energy consumption.

- **EA Toner.** Our EA Toner with ultra low-melt technology achieves minimum fusing temperature at 20 degrees C lower than conventional toner for even more energy savings and brilliant glossy output even on ordinary paper.
- **Work quietly.** Our quietest work group colour multifunction system stays productive while emitting low noise levels.
- **LED scanner.** The power consumption of the scanner using LED lighting is 1/3 of traditional scanners using fluorescent lamps.

- **Energy Management.** With Cisco EnergyWise, enabled by Xerox® Power MIB (Management Information Base), you can control, manage and report your device's power consumption information, and set optimal power states and timeout intervals.
- **Simple to implement tools.** Helping you to control who prints what, when and how.
- **ENERGY STAR® qualified.** WorkCentre 7220/7225 devices meet the stringent ENERGY STAR requirements for energy use.

WorkCentre 7200 series multifunction systems are powered by the Xerox® ConnectKey® Controller. These simple-to-implement systems give you real, practical solutions that easily streamline how you communicate, process and share important information, simplify complex paper-driven tasks, and drive down costs while keeping your data secure. For more information, go to www.xerox.com/connectkey.

Device Specifications		WorkCentre 7220	WorkCentre 7225
Speed		Up to 20 ppm colour and black and white	Up to 25 ppm colour and black and white
Duty Cycle ¹		Up to 50,000 pages / month	Up to 60,000 pages / month
Hard Drive / Processor / Memory		160 GB / 1.2 GHz Dual-core / 2 GB system plus 1 GB page memory	
Connectivity		10/100/1000Base-T Ethernet, High-Speed USB 2.0 Direct Print, Optional Wi-Fi (with Wireless Connectivity Kit)	
Controller Features		Unified Address Book, Remote Control Panel, Online Support (accessed from the user interface), Configuration Cloning	
Copy and Print			
Copy Resolution		Up to 600 x 600 dpi	
Print Resolution		Up to 2400 x 600 image quality	
First-copy-out Time (as fast as)		8.4 seconds colour / 7.1 seconds black and white from the Platen	8.7 seconds colour / 7.2 seconds black and white from the Platen
First-print-out Time (as fast as)		8.8 seconds colour / 7.0 seconds black and white	9.1 seconds colour / 7.1 seconds black and white
Page Description Languages		PCL® 5c / PCL 6, XML Paper Specification (XPS), Adobe® PostScript® 3™ (Optional), PDF ²	
Print Features		Print from USB ² , Earth Smart Driver Settings, Job Identification, Store and Recall Driver Settings, Bidirectional Real-time Status, Colour By Words ³ , Application Defaults, Two-sided Printing (as default)	
Mobile Printing		Apple AirPrint, Xerox® Mobile Print Solution® (Optional), Xerox® Mobile Print Cloud® (Optional)	
Scan	Standard	Scan to Network / Email / Folder, Scan to SMB or FTP, Scan to USB Memory Device, Single Touch Scanning, Text Searchable PDF, PDF/A, XPS, Linearised PDF, JPEG, TIFF, Single/Multipage PDF, TIFF, TWAIN Support	
	Optional	ConnectKey for SharePoint®, ConnectKey Share to Cloud, Xerox® Scan to PC Desktop® SE or Professional	
Fax	Standard	Internet Fax, Fax Build Job, Network Server Fax Enablement	
	Optional	Fax Forward to Email or SMB, Walk-up Fax (one-line and two-line options, includes LAN Fax)	
Security	Standard	McAfee® Embedded, McAfee ePolicy (ePO) Compatible, Hard Drive Image Overwrite, HDD 256-bit Encryption (FIPS 140-2 compliant), Common Criteria Certification (ISO 15408), Secure Print with Timed Deletion, Secure Fax, Secure Scan, Secure Email, Cisco® TrustSec Identity Services Engine (ISE) Integration, Network Authentication, SSL, SNMPv3, Audit Log, Access Control Feature, User Permissions	
	Optional	McAfee Integrity Control, Smart Card Enablement Kit (CAC/PIV/.NET), Xerox Secure Access Unified ID System® with Follow-You Printing®	
Accounting	Standard	Xerox® Standard Accounting (Copy, Print, Scan, Fax, Email), Network Accounting Enablement	
	Optional	Equitrac Office®, Equitrac Professional®, YSoft® SafeQ®	
Paper Input	Standard	Duplex Automatic Document Feeder: 110 sheets; Sizes: 148 x 210 mm to 297 x 420 mm; Custom sizes: 85 x 125 mm to 297 x 432 mm	
		Bypass Tray: 50 sheets; Custom sizes: 89 x 98 mm to 297 x 432 mm	
		WorkCentre 7220V_S/7225V_S (Trays 1 and 2 with Stand): 520 sheets each; Sizes: A5 to A3; Custom sizes: 140 x 182 mm to 297 x 432 mm	
		WorkCentre 7220V_T/7225V_T (Trays 1 – 4): 520 sheets each; Sizes: A5 to A3; Custom sizes: 140 x 182 mm to 297 x 432 mm	
	Optional	Envelope Tray: Up to 60 envelopes: Monarch, DL, C5; Custom sizes: 98 x 148 mm to 162 x 241 mm	
Paper Output / Finishing	Standard	Dual Catch Trays: 250-sheets each, Lower tray offsets	
	Optional	Integrated Office Finisher: 500-sheet stacker, 50 sheets stapled, single-position stapling	
		Office Finisher LX: 2,000-sheet stacker, 50 sheets stapled, 3-position stapling, optional hole-punch, optional booklet maker (score, saddle stitch) Convenience Stapler: staples 50 sheets	

¹ Maximum volume capacity expected in any one month. Not expected to be sustained on a regular basis; ² PostScript option is required to print PDFs or PostScript files from a thumb drive.

³ Only available in the optional Adobe® PostScript® 3™ driver.

Xerox® Mobile Express Driver®	Makes it easy for mobile users to find, use and manage Xerox® and non-Xerox devices in every new location. Plug into a new network, and Mobile Express Driver automatically discovers available printers and provides status and capability information. Save a list of “favourite” printers for each location, store application print settings for use on any printer in any network, and greatly reduce mobile support calls to IT.
Xerox® Global Print Driver®	A truly universal print driver that lets IT administrators install, upgrade and manage Xerox and non-Xerox devices from a single driver. It provides a consistent, easy-to-use interface for end-users, reducing the number of support calls, and simplifying print services management.
Xerox® Pull Print Driver	Makes it easy for IT managers to qualify, deploy and manage all print devices using a single driver in a Pull Print environment. Uses a single queue and single driver. The Xerox® Pull Print Driver extends convenience across a broad range of printing assets. IT administrators no longer need to manage and configure multiple drivers. Used in conjunction with Xerox Secure Access Unified ID System®, Equitrac Office®, Ysoft® SafeQ®, Pharos® and others.
Print Solutions	
Xerox® Mobile Print Cloud (Optional)	Xerox® Mobile Print Cloud addresses the needs of businesses with a mobile workforce and puts you ahead of the evolving mobile print need, but without burdening staff, budget or infrastructure. Getting started takes only a few minutes via the cloud. Print from any mobile device to nearly any brand of printer. Accurate printing with true Microsoft® Office® rendering and more. Print what you need, when, where and how you need it.
Xerox® Mobile Print Solution (Optional)	Xerox® Mobile Print Solution is an ideal choice for sites that have additional requirements for control and security with an onsite server. Xerox® Mobile Print Solution allows users to print from most mobile devices to nearly any brand of printer or multifunction printer without drivers or added complexity. Simply enter a release code (PIN) at the device and get accurate printing with true Microsoft Office rendering and more to use with your server for private, onsite deployment.
Unified Address Book for Fax, Internet Fax, Email and Scan to...	
Features	Services supported: Fax, Internet Fax, Email, Scan to Maximum contacts: 5,000 Contacts: Supports 1 or more destinations Favourites for quick access of fax numbers, emails, etc.
Additional Scan Information	
Concurrency	Scan while the system is printing, copying, or while it is transferring scan to network or fax jobs (priority is for return of scanned originals and printing concurrent jobs)
Input Speed	Scan at up to 55 ipm colour scanning, up to 55 ipm black and white – A4 LEF

Xerox® WorkCentre™ 7220/7225

Resolution	From 72 x 72 dpi up to 600 x 600 dpi Bit Depth: 1-bit (black and white), 8-bit (greyscale), 24-bit (colour)
Maximum Scan Area	A3
Scan Template Management	Support 250 scan templates Create Xerox® CentreWare® IS scan templates and share via device cloning to other multifunction printers Confirmation sheet options
Network Protocols	sFTP, FTP, SMB, NetWare, HTTP, HTTPS
File Compression	Colour TIFF (TIFF 6.0 or TTN2 with JPEG, LZW) Black and white TIFF (G3MH, G4 MMR compression—single or multiple pages) Searchable PDF and PDF/A (MRC, JPEG, G3 MH, G4 MMR, JBIG 2 Huffman, JBIG Arithmetic Compression, Deflate (for Black and white and within MRC)) Linearised PDF / PDF/A
Document Management Fields (Meta Data)	Features only available in Network Scan to File Templates: <ul style="list-style-type: none"> • 1 to 6 user programmable metadata fields per network scan to file templates and unlimited fields within the template – Metadata field consists of field name, default value and other configurations • Customised fields viewed on user interface for variable data input
Scan Features	Mixed Size Originals Scan Build Job Compression Quality/File Size Control Original Type (Photo and Text, Photo, Text, Map, Newspaper / Magazine) Auto Background and Shadow Suppression Size for Size (for mixed size originals) TWAIN Support Bound Originals Edge Erase Reduction/Enlargement Single Touch Scan buttons (up to 10)
Scan to Email (Standard)	
Scan Features	<ul style="list-style-type: none"> • Email signatures (6 lines each of 128 character max), email message body (user configurable), email CentreWare IS confirmation sheet options • Scan to Email S/MIME Encryption • Email Signing (requires Smart Card option) • Auto send to self
Directory Access	Address list via LDAP (Windows Archive Directory, Exchange, Notes, Domino) Downloaded address list (comma-separated file format)
Scan to... (Standard)	
Features	Scan to USB Scan to Network Folder (uses Unified Address Book entries)
Network Scanning – Software Solutions	
Xerox® Scan to PC Desktop® Professional (Optional)	A desktop offering that provides advanced document imaging, archiving, editing and organisation tools: <ul style="list-style-type: none"> • PaperPort Professional image viewing and file management software <ul style="list-style-type: none"> – Complete PDF functionality – Secure PDF workflow of all scanning applications • OmniPage Pro Office (for desktop/client installation) – Professional OCR software for digital archiving and document conversion • Image Retriever – provides fully automated retrieval of scanned images direct from a scan enabled Xerox® WorkCentre to individual desktops. Also includes email inbox polling capability

Xerox® ConnectKey® for SharePoint® (Optional)	Xerox® ConnectKey for SharePoint simplifies and streamlines the way you scan, capture and store your paper-based documents. Using your Xerox® multifunction printer, you can route documents directly into the precise document repository folder, just like you would from your PC. At the multifunction printer, you can browse to the folder, name the document, and add any key indexing information before you scan. With the flexibility to capture and route to SharePoint as well as Windows folders, ConnectKey is the right solution for any office that needs to archive and share paper-based documents.
Xerox® ConnectKey® Share to Cloud (Optional)	Xerox® ConnectKey Share to Cloud provides organisations with powerful, easy and secure document scanning capabilities that connect your Xerox® multifunction printer to popular cloud services and email, such as Google Docs™, Salesforce.com, Office 365 and Dropbox™ and gives employees anytime, anywhere access to their most important documents using mobile devices.
Xerox® ConnectKey® for DocuShare® (Optional)	Xerox® ConnectKey for DocuShare, a one-step scan-to-workflow solution, simplifies the process of incorporating hard copy content into enterprise document flows. Users can easily scan documents directly into a DocuShare collection or Windows folder via a multifunction printer.

Security

Features

- Expanded Authentication
 - Network authentication to access device and/or device services via- Kerberos (UNIX / Windows Server 2003 / Windows Server 2008), SMB (Windows Server 2003 / Windows Server 2008), NDS, LDAP
 - Xerox Secure Access Unified ID System®
 - Local Authentication (internal database)
 - Smart Card authentication – 144k CAC/PIV Card Support (2048 bit certificate key)/.NET
- Secure Data
 - Digitally signed PDF (when using Smart Card authentication)
 - Encrypted Scan to Email
 - Encrypted / Password Protected PDF (Email and Network Scan Templates only)
 - Secure Print (up to 10 digit PIN or Network Authentication)
 - Immediate Image Overwrite
 - On Demand Image Overwrite (Scheduled, Manual), includes sanitation of unused area of disk
 - FIPS 140-2 256 bit Hard Disk Encryption
- Expanded Authorisation
 - SA access based on network credentials
 - Authorisation per user per service
 - User Permissions required to access Print and Print Features (e.g. colour access, or time restrictions) reflects in the print driver
- Secure Network Access
- IP Filter, IPsec, IPv6, SSL v3.0, SNMPv3, HTTPs, 802.1X, Cisco® TrustSec Identity Services Engine (ISE) integration, Device Security
 - McAfee® Embedded Security, Port disablement including USB ports, Audit Log, Hide Print Job Names, McAfee Integrity Control (optional)
- Common Criteria Certification ISO 15408

Xerox Secure Access Unified ID System® (Optional)

Xerox Secure Access Unified ID System integrates your Xerox® multifunction printers with your existing employee/ student ID PIN or badge providing a flexible and convenient authentication system. Allow your staff, employees or students to send documents to a centralised print server. Then, at any multifunction printer on the network, they'll simply log in with a swipe of their magnetic or proximity ID card or their PIN to securely print their job. For more information, go to www.office.xerox.com/software-solutions

Fax

Network Server Fax Features

Compatibility	ITU (CCITT) group 3 Various Xerox® Alliance Partner Solutions
Maximum Scan Area	A3
Fax Send Features	One- or two-sided scanning (up to A3) Add to send list (50 numbers maximum) Build Job, Favourites, Delay send (specific time) Original type (photo, text or photo and text)
Fax Print Features	One- or two-sided printing, staple, Secure Print
Transmission Resolution	Superfine: 400 x 200 dpi (Scan at 600 x 600 dpi) Fine: 200 x 200 dpi Standard: 200 x 100 dpi

Internet Fax Features

Capability	Direct print-ready document transmission to remote Internet Fax machines or email clients (SMTP) Reception and automatic printout of documents sent via email from remote Internet Fax machines or email clients
Directory Access	Utilises the Unified Address Book
Send / Receive	Multi-page TIFF, Image only PDF

Xerox® WorkCentre™ 7220/7225

Resolution	72 x 72 dpi to 600 x 600 dpi Bit Depth: 1-bit (black and white)
Network Protocols	SMTP (send), POP3 (receive)
Compliance	ITU-T T.37 compliant
Walk-up Fax Features (Optional (Customer-installable) – 1 and 2 lines)	
Compatibility	ITU (CCITT) Group 3
Speed / Modems	One or Two V.34 modems: 33,600 bps. Less than 4 seconds per page transmission time ATA analogue terminal adaptor utilising T38 (optional)
Speed / Compression	MH/G3, MMR/SG3
Resolution	Walkup Send: Standard: 200 x 100 dpi Fine: 200 x 200 dpi Superfine: 600 x 600 dpi Receive: Accepts all sizes
Fax Send Features	LAN Fax (fax from print driver) Auto Fax Transmission Reduction Page-by-page Job Status at the Machine Delay Start, Build Job, Favourites Automatic Memory Resend Automatic Cover Sheets PSTN Fax Batch Send (up to memory capacity)
Fax Receive Features	One- or Two-sided Printing Stapled or Unstapled Receive Print Mode – Manual (size, margin, stock, header) / Auto Output Tray Selection Up to 200 Password Protected Mailboxes Secure Receive Receive Timestamp Auto Answer Delay
Fax Forward	Forward to Email or SMB Location Fax Forward on Receive Only
Fax Reports	Activity, Dial Directory, Group Directory, Transmission Confirmation, Pending Fax, Options Report, On Demand Overwrite Report, Mailbox Report, Broadcast Report
Directory Access	Utilises the Unified Address Book Group fax available
Auto Redial	Up to 14 attempts (per country requirements) • 1 to 25 minute intervals
Auto Resend	Up to 5 attempts
Device Management	
Management Support	SNMP Version 1. SNMP Version 2c and SNMP Version 3 trap over TCP/IP and IP MIB access (IETF-MIBII RFC 1213), Host Resources MIB RFC 2790, Printer MIB RFC 1759 v.2
Xerox® CentreWare® Web	A Web-based server application for network administrators that permits Web browser-based device management from any workstation, whether running Windows, UNIX or any other operating system: • Works with any SNMP-managed printer from any manufacturer. • Provides help with device discovery and installation, health checks and troubleshooting, and device upgrades, as well as basic accounting and asset management. • Requires Windows XP, Vista or Windows 7 and Internet Explorer 6.0 and higher. • CentreWare Integration available for Tivoli® NetView®, Unicentre TNG®, Microsoft Management Console (MMC), HP® OpenView®
Novell NDPS/NEPS	Server gateway application: centralised management tool.
Xerox® Device Manager	Xerox® Device Manager collects and manages the data that drives fact-based decisions for your enterprise device management environment. It is a single tool to install print queues and configure, manage, monitor and report on both networked and locally connected devices – regardless of vendor – across your enterprise. Xerox® Device Manager provides: • Device monitoring and troubleshooting • Extensive reporting and discovery of new devices • Usage collection, chargeback and billing capabilities

Xerox® Device Types for SAP Environment	Xerox, together with SAP through our Gold-level membership in the SAP Printer Vendor Programme, provides seamless connectivity between SAP systems and your Xerox® printers and multifunction printers. And as an SAP customer you benefit from having SAP-certified Xerox® device types available right from SAP's online delivery model. SAP-certified device types for Xerox® printers and multifunction printers are available to download. www.office.xerox.com/software-solutions
Xerox® Device Types for SAP R/3 Intelligent Barcode Utility (optional)	Provides built-in process intelligence that allows the printing of barcodes on any appropriately configured PostScript printer in specific versions of SAP environment and within Latin-1 (ISO8859-1) SAP system code pages only. Used in conjunction with Xerox® PostScript Device Types for SAP environment and Xerox® Font Centre Barcode Fonts. Information available at www.office.xerox.com/software-solutions
Xerox® Barcode Pro PS (optional)	Enables intelligent PostScript printing on Xerox® multifunction printers by storing Xerox® software, as well as, the barcode fonts on the printer hard disk. Enables the printing of barcodes from any application (SAP client or mainframe) that supports PostScript printing. Information available at www.office.xerox.com/software-solutions
CentreWare Internet Services – Integrated Web Pages Provided by the Device	
Device Status	Web server embedded in Network Controller: <ul style="list-style-type: none"> • Tray status/contents • Consumables status • Alerts Remote Control Panel
Job Submission	Print ready files: PS ³ , PCL, TIFF, PDF ³ , JPG, XPS, TXT, PRN Output feature selection (2-sided, output colour, collate, orientation, staple, hole punch, folding, output destination) Delivery options (Immediate, sample set, delay and secure, Save job or reprint)
Device Administration	Allows simple, remote installation setting of configuration options and management of the device
Browsers	Internet Explorer 7.x, 8.x, 9.x Safari 5.x Mozilla Firefox 4.x, 5.x, 6.x, 7.x, 8.x, 9.x, 10.x, 11.x Opera 11.x Chrome 12
Support	Install print / scan drivers and online support available via web page
Languages Supported	International English, International French, Italian, German, International Spanish, Dutch, Brazilian Portuguese, Swedish, Norwegian, Danish, Finnish, Russian, Simplified Chinese, Korean, Japanese
Remote Print Services	
Automated Meter Reads (AMR)	Automates the process of collecting and submitting meter reads for tracking and billing of Xerox® device usage. Eliminates the need for time-consuming end-user involvement and ensures that meter reads are submitted to Xerox on time.
Automatic Supplies Replenishment (ASR)	Automatically orders supplies for Xerox® output devices based on actual usage, eliminating the need to manually manage supplies inventory.
Accounting	
Xerox® Standard Accounting (Standard)	
Tracking	Copy, Print, Fax, Scan and Email usage
Accounting	Up to 2,497 User accounts (User ID) Up to 500 General accounts (Client) Up to 498 Group accounts (Department)

Features	<ul style="list-style-type: none">Administrator can manage the feature via the Web User Interface or device control panel in toolsAdministrator has the ability to import or export user accounts, Group Accounts, General Accounts and User limits via an industry standard CSV file		
Accounting Options – Network Accounting – Third Party Enablement			
	<ul style="list-style-type: none">Enhanced network accounting with up to the minute data on how the system is being usedComprehensive management and enterprise scale tracking and reporting of device usage of copy, print, scan and server faxOther solutions are available through Xerox® Alliance Partners. ¹ Maximum volume capacity expected in any one month. Not expected to be sustained on a regular basis.

² Expected regular monthly throughput

³ PostScript option is required to print PDFs or PostScript files from a thumb drive.

⁴ Paper capacities are based on 75 gsm stock; capacities will vary with different weight stocks.

⁵ Assumptions: Toner cartridge yield is based on 5 % area coverage on A4 LEF. Toner yield can vary due to many factors, including but not limited to, image area coverage, image content, media size, run mode, application types, monthly print volumes and image quality setpoints.

⁶ Average drum yield is based on a run length of 5 pages of A4 LEF pages, with split of 30 % colour / 70 % black and white pages.

⁷ Waste Toner Container yield will vary depending on type of image, area coverage % and Job run length.

Return spent imaging supplies through the Xerox® Green World Alliance collection/reuse/recycling programme. For more information, visit www.xerox.com/about-xerox/recycling.
