

How do I install a SmartSolution?

Installing a SmartSolution is easy as 1, 2, 3.

1. Purchase the SmartSolution from the Lexmark SmartSolutions storefront (the majority of apps are free and do not require payment).

2. Configure the solution to meet your specific needs.

3. Sync and send the SmartSolution to your printer.

If you are a new user, create an account at smartsolutions.lexmark.com

What are SmartSolutions?

Lexmark SmartSolutions are software applications designed to help small and medium business users save time and money. Complete common tasks, manage digital content, collaborate with business partners and more - all from the touch screen of your Lexmark SmartSolutions-enabled device - without turning on your computer.

Create one-touch shortcuts for print, scan, copy, email and fax operations you frequently perform, improving efficiency by reducing repetitive steps.

How do I access SmartSolutions?

Visit the Lexmark SmartSolutions library at smartsolutions.lexmark.com to view and download all SmartSolutions.

Lexmark offers a wide variety of SmartSolutions to help business customers save time and money. Variations of SmartSolutions are unlimited with your ability to customise based on your business need. Here is a small sampling of the powerful, time-saving apps that are available.

Process Shortcuts

Scan to Email

Scan and email documents to a person or group with a touch of a button.

Duplex Copy

Reduce paper usage by up to 50% by turning single-sided pages into a two-sided document.
